President’s Message

Dear PSPE and Chapter Members,

September brings the start of a new school year and the start of planning for another MATHCOUNTS competition. MATHCOUNTS is the nation’s preeminent middle school math enrichment and competition program. The organization’s mission is to increase enthusiasm for and enhance achievement in middle school mathematics throughout the United States. With the generous support of all MATHCOUNTS sponsors and volunteers and the leadership of NSPE at the local and state levels, MATHCOUNTS is providing today’s students with the foundation for success in science, technology, engineering or mathematics careers.

We have some exciting things planned for our Chapter’s competition this year starting with a new venue. To add another level of excitement to the competition, the winning team will earn the right to host the event the following year. Marshall Middle School was our winning team in 2018 and will be hosting the competition on February 9, 2019. The students are already working hard for the chance to host in 2020!

We have also changed the sponsorship opportunities this year. You can now decide exactly what your donation goes to. Want to be one of the companies responsible for giving our Mathletes a T-shirt on competition day? Or maybe sponsor our breakfast stations and make our graders very happy with hot coffee and bagels? You can even choose to send a team to States by sponsoring their registration fees. See pages 7 and 8 for more information. Please feel free to reach out to me with any questions!

Sincerely,

Keenan D. Sukits, PE
President 2018-2019
Pittsburgh Chapter – PSPE
The Pittsburgh Chapter of the Pennsylvania Society of Professional Engineers

Invites all current and prospective members as well as guests to the
Thursday, October 25, 2018, Meeting

Update on ALCOSAN’s Wet Weather Plan
– Attendance qualifies as 1.0 PDH –

At the Engineers’ Society of Western Pennsylvania
337 Fourth Avenue, Pittsburgh, PA 15222

The Pittsburgh Chapter of PSPE will proudly sponsor a presentation on an Update of the Allegheny County Sanitary Authority’s Wet Weather Plan. The presenters will be Kim Kennedy, PE, from ALCOSAN and Alex Sciulli, PE, from ALEM Consulting, LLC.

Cocktails – 6:00 pm Social (Cash Bar)
Dinner – 6:45 pm
Presentation – 7:30 pm

Dinner Choice: Choose one of the following (if more than one attendee, indicate the number of each choice):

____ Chicken Rubino, Boneless Chicken Breast topped with Artichoke, Asiago Spread & Melted Provolone
____ Ribeye Steak with Tomato Basil Bruschetta and Melted Goat Cheese Crumbles
____ Farfalle Portabella Mushroom with Garlic, Olive Oil, Basil Pesto & Marinara Sauce

Each entrée includes roasted redskin potatoes, mixed vegetables, and cookies and brownies for dessert. Cost per attendee is $38.00 for PSPE members; $43.00 for non-members; and $32.00 for government employees.

ONLINE REGISTRATION & PAYMENT AVAILABLE AT http://pittsburghpe.org/

OR you can make your reservation by completing the form below and mailing or faxing it to the Chapter office. Do not email your credit card info; FAX it. Payment may be made by calling in your credit card info, faxing this completed form, or mailing this form with credit card info or enclosing a check. See “Payment Options” below.

Name: ____________________________________________ Phone/Email: ________________________________

Name: ____________________________________________ Phone/Email: ________________________________

Reservations, including payment, must be received by Noon on Tuesday, October 23, 2018.

Payment Options:

Credit Card: ___ MASTERCARD ___ VISA ____ AMEX

Card Number: ________________________________ Expiration Date: ___________ CVV Code_________

Name (as it appears on credit card): _____________________________________________________________

Billing Address: ____________________________________________________________________________

___ Check enclosed payable to “Pittsburgh Chapter PSPE” & mailed to: Pittsburgh Chapter, PSPE
337 Fourth Avenue, Pittsburgh, PA 15222

Phone: 412.261.4300 Fax 412.261.1606 Email: d.teorsky@eswp.com

Cancellations must be received three (3) days prior to the event.
State Board Meeting of September 15, 2018

A. Legislative Update

1. Changes to the state registration law regarding “design” are being proposed. This involves what work is considered true design and who may perform this work. House Bill 1106 passed the House and is now in the Senate. The language of the bill has been negotiated and resolved with county commissioners.

B. NSPE

1. The new membership model will take effect in November 2018. PSPE adopted the integrated model at its May 12 Board Meeting because dues are uniform and allocation of funds to the states will vary based on state criteria including membership. The Board passed a motion to change the PSPE Constitution and Bylaws to accommodate the membership model. A copy of the changes is attached (see following 3 pages).

2. The 2018 NSPE Conference was held July 18-20 in Las Vegas, NV. The 2019 Conference is scheduled for July 17-20 in Kansas City, MO.

3. The next NSPE Northeast Region Conference will be hosted by PSPE on November 8-10, 2018 in King of Prussia.

C. PSPE

1. The 2018 PSPE State Conference was held 9/13-14 in Johnstown and was attended by NSPE President Michael Aitken, PE as well as approximately 85 other attendees. A total of 30 technical sessions were presented in three tracks, which afforded continuing education units for licensed engineers. The newly elected PSPE officers were installed by Mr. Aitken at the Annual Installation and Awards Banquet Friday, September 14. In addition, the PSPE State Awards were presented to the following:

   2018 Young Engineer – Frank G. Falzone, PE (Reading Chapter)
   2018 Engineer of the Year – Joseph F. Maida, PE (Philadelphia Chapter)

   The next conference will be held September 19-20, 2019, at the Sands Casino Resort in Bethlehem, PA.

2. The Board tabled a motion until the January 26, 2019, meeting to change the distribution of dues to the chapters from monthly to quarterly. State Directors will provide this information to their respective chapters to make them aware of this pending change.

3. The contract with Wanner and Associates was discussed, and the Board voted to restore compensation to previous rates.

4. The 2018-2019 Proposed Budget was approved.

5. The next PSPE Board of Directors meeting will be January 26, 2019, at 10 AM in Camp Hill.

Respectfully submitted,

Kirk L. Thompson, PE
State Director
PENNSYLVANIA SOCIETY OF PROFESSIONAL ENGINEERS

CONSTITUTION & BYLAWS

Changes to the PSPE Constitution and Bylaws are required as a result of the Integrated Affiliate State Society Agreement. This document provides the bare minimum of changes needed to implement that agreement, plus two other minor updates to the Constitution (since a change to the Constitution is required).

CONSTITUTION

ARTICLE II – HEADQUARTERS

SECTION 1. The Corporation-Society <<this is the only place "Corporation appears">> shall maintain an office to be recognized by all members and designated as “State Headquarters” of the Society.

ARTICLE III – OBJECTIVES

SECTION 1. The objectives of this Society shall be to:

a. Advance and promote the public health, safety, and welfare. <<consistent with our normal usage>>

All remaining items in Section 1 are unchanged.

ARTICLE VI – DUES

LATEST REVISION: September 2000

SECTION 1. The Integrated Affiliated State Society agreement provides for a division of dues between NSPE and the Society as defined in the Bylaws. The annual dues of the Society shall be determined by the Board of Directors in accordance with the provisions set forth in the Bylaws. Dues for the various grades of membership shall be in addition to NSPE's and shall include a subscription to the Society publication.
BYLAWS

BYLAW 1 – MEMBERSHIP
LATEST REVISION: September 20, 2014

SECTION 1. Membership applications may be received at the state or Chapter level and forwarded to NSPE for eligibility reviews and processing. If deemed to be eligible for membership by NSPE, the applicant shall be added to the rolls at the Chapter, state and national levels. The Society has entered into a NSPE-State Society Agreement with NSPE under which the Society has been selected to be an Integrated Affiliated State Society. This unified membership includes:

   a. National membership in NSPE and membership in one State Society for professional members, offered at a society-wide, single dues price point;
   b. The establishment and maintenance of a single membership administration and billing system managed by and the responsibility of NSPE;
   c. The Society may create, support and administer categories of membership solely at the state level for those individuals or businesses that do not otherwise qualify for membership in one of the categories as defined by the NSPE Bylaws.

SECTION 2. Membership in the Society imposes the obligation to uphold the honor and dignity of the engineering profession. It is therefore required of members to be familiar with ethical and legal standards, to observe them, to aid in preventing violations by others and to be familiar with the Society's policies and procedures relating to handling of alleged violations.

SECTION 3. Violation of the Society Constitution and Bylaws, the Code of Ethics, or for conviction of a felony shall be considered as just cause for discipline as hereinafter provided. In disciplinary matters, the Board may also: (a) authorize joint action with other state societies; (b) waive jurisdiction to another state society; or (c) request the assistance of NSPE where, in the Board's judgment, the circumstances warrant.

SECTION 4. The membership grades as shall be as set forth in the NSPE Bylaws and Operating Procedures. All members shall abide by the Constitution and Bylaws and the Code of Ethics and who shall be subject to election, discipline, suspension or termination as provided in the Bylaws.

SECTION 5. All members other than Honorary Members, Graduate Members, and Student Members shall have voting privileges. Only Licensed Members may hold the offices of President and President-Elect; only Licensed Members, Members, and Fellow Members may vote on Constitutional changes; and only Licensed Members and Members may hold other elected offices.

SECTION 6. A member shall become eligible for life-member status with waiver of dues if the person has been a continuous member of NSPE for a period of 40 years and is at least 65 years of age. Application for life-member status may be made to the Board personally by the member or by the member's chapter.

SECTION 7. A Member shall be eligible for Retired-Member status if the person has been a continuous member of NSPE for a period of 25 years, is at least 65 years of age, and has retired from active practice. For these purposes, active practice shall mean providing engineering
consultation totaling more than 300 hours in a given calendar year. A retired-member shall pay one-half dues annually until life-member status requirements are met. Application for retired-member status may be made to the Board personally by any member who meets the eligibility requirements or by the member’s chapter.

SECTION 8. Should the registration as a professional engineer of a Licensed Member be revoked for any reason, the person shall automatically cease to hold the Licensed Member grade in the Society. In the case of Licensed Members with life-member or retired-member status, reclassification to Member will be made if eligible.

BYLAW 3 – CHAPTERS
LATEST REVISION: May 26, 2000

Sections 1 through 4 of Bylaws 3 are unchanged.

SECTION 5. The annual chapter dues shall be determined by the Society as set in the Operating Procedures.

BYLAW 6 – DUES
LATEST REVISION: September 20, 2014

SECTION 1. Dues are for a period of 12 consecutive calendar months and shall become due on the member’s anniversary date.

SECTION 2. The division of dues between NSPE and the Society is based upon service/capacity tiers and placement within tiers. The placement within tiers shall be reviewed and modified in consultation between NSPE and the Society at the conclusion of odd-numbered fiscal years and may be adjusted between regular reviews if and when a material change in Society circumstances occur.

The annual dues for all grades of membership shall be prescribed by the Board and may be changed by an affirmative vote of a majority present and voting at a meeting of the Board; provided that the details of the proposed change in dues shall be furnished to each member of the Board at least 20 days before the meeting at which a vote on the proposed change will be taken. The Executive Director shall promptly advise NSPE of any changes to the annual dues.

All remaining sections of Bylaw 6 are unchanged.
The MATHCOUNTS Foundation is a 501(c)(3) non-profit organization that provides engaging math programs to U.S. middle school students of all ability levels in order to build confidence and improve attitudes towards math and problem solving. With the generous support of all MATHCOUNTS sponsors and volunteers, and leadership of the National Society of Professional Engineers at the local and state levels, MATHCOUNTS is providing today’s students with the foundation for success in science, technology, engineering and mathematics (STEM) careers.

A donation to the MATHCOUNTS Foundation can do so much! With your help, we can help all students – whether they love math or fear it – reach their full potential. Your support matters for many reasons; here’s our top 4!

1. **Because MATHCOUNTS helps kids who love math AND kids who fear math.**
   - While working together in a supportive environment, students with varying interest and ability levels in math participate in positive math experiences.

2. **Because MATHCOUNTS makes an impact at the national level AND at the local level.**
   - There are programs in over 7,000 schools and interschool competitions are conducted in every U.S. state and territory. When you support MATHCOUNTS, you’re supporting your friends and neighbors as well as preparing the next generation of problem solvers who will one day lead our country.

3. **Because MATHCOUNTS works.**
   - MATHCOUNTS builds the critical thinking and problem solving skills necessary for success. MATHCOUNTS alumni are also more likely to continue with science, technology, engineering and mathematics (STEM) with 3 out of every 4 alumni studying a STEM field in college – nearly three times the national average.

4. **Because a student’s experience in MATHCOUNTS can be transformative.**
   - We measure our success not just by our numbers, but also on the personal impact we have on each and every participant.

The Pittsburgh Chapter of the Pennsylvania Society of Professional Engineers (PSPE) coordinates and hosts the local competition in February of each year, where Mathletes compete to advance to the State Competition in Harrisburg in March. This would not be possible without the support of the generous PSPE sponsors and volunteers.

Please refer to the Sponsorship Levels to determine what best fits your company (see next page).
There are many costs associated with the competition. This year you can select exactly where you’d like your money to go. But hurry, space is limited. See the opportunities described below:

<table>
<thead>
<tr>
<th>SPONSORSHIP OPPORTUNITIES</th>
<th>DESCRIPTION</th>
<th>DONATION</th>
</tr>
</thead>
</table>
| T Shirts (3 available)    | Sponsor the t shirts to be given to each Mathlete and coach  
                           | Premier spot on back of shirt for company logo                | $500      |
| Send a team to States (2 available) | Sponsor the cost of registration of our winning team at the state competition  
                                         | Company information included in personalized letter to the members of the winning team informing them that their registration has been paid for | $325      |
| Awards (1 available)      | Sponsor the trophies, certificates, and prizes for our Mathletes  
                           | Have a representative from your company hand out the awards on competition day | $300      |
| Programs (1 available)    | Sponsor the printing of the programs given to all Mathletes and spectators with important competition day information  
                           | Premier spot on program for company logo                       | $200      |
| Breakfast Station (2 available) | Sponsor a breakfast station on competition day  
                                      | Company name and logo featured at either the coffee/bagel station for our graders or the donut/banana station for our Mathletes | $100      |

In addition to the amenities described above, all sponsors will receive the following:

- Company logo featured on the back of the t shirt
- Company name on the Pittsburgh Chapter of PSPE website
- Company name in Pittsburgh MATHCOUNTS program
- Company logo featured on slide for MATHCOUNTS opening session
- Company banner (provided by company) displayed on competition day

Please contact Kevin Ferry (KFerry@saienr.com) to reserve your spot today! All donations must be received by December 1st to be included on the t shirt.
The Pittsburgh Chapter, PSPE, is very pleased to honor exceptional engineers and an outstanding engineering project in the Pittsburgh area at its annual Engineers’ Week Banquet. Our next banquet will be held on Saturday, February 23, 2019, at ESWP.

As the current Hornfeck Award Recipient, I will chair the PSPE Awards Committee, and it will be my pleasure to introduce the award winners at the banquet. To help ensure another great banquet, I am asking for your help in choosing award nominees for next year. Up to seven different awards may be presented each year. You may submit nominations for the five awards detailed on the following page.

Please submit nominations to me at jesser@jbfayco.com.

All nominations are due by November 30, 2018. Please include a description of the nominee and a brief write-up of why they are worthy of the award. The Awards Committee will make all final decisions on the award recipients.

The current Awards Committee consists of the five past Hornfeck Award winners:

★ Jason R. Esser – Chair
★ Joseph F. Boward
★ Jennifer Nolan-Kremm
★ James Lombardi
★ Joseph Garlicki

I encourage all members to be and stay actively involved with PSPE at the Chapter level and at higher levels. You may one day be winning one of these awards. For two out of the last four years, the Pittsburgh Chapter Young Engineer of the Year and Nominee for State Engineer of the Year both went on to win these awards at the State PSPE Level!

Thank you,
Jason R. Esser, PE
Phone: 724.265.4600, Ext. 1090
jesser@jbfayco.com

Pittsburgh Chapter, PSPE
Call for 2019 Award Nominations!
Distinguished Service Award
- Recognizes an individual for outstanding contributions toward the improvement of the social, economic, and professional status of the Professional Engineer.
- It is not necessary for the recipient to be an engineer.

Dedicated Service Award
- Recognizes continuous years of active participation in, service to, and support of the Pittsburgh Chapter, PSPE, NSPE, and the engineering profession.

Young Engineer of the Year Award
- Identifies and recognizes an outstanding engineer no older than 35 by January 1, 2019.
- The evaluation criteria include collegiate achievements, professional and technical society activities, engineering experience, publications/patents, major engineering project achievements, and additional activities such as civic, fraternal, or humanitarian endeavors.

Nominee for PSPE State Engineer of the Year Award
- Nominee for annual state award recognizing continuous years of active participation in, service to, and support of the Pittsburgh Chapter, PSPE, NSPE, and the engineering profession.
- Also recognizes an outstanding, distinguished engineer not necessarily only for his/her work for, or in, PSPE, but for his/her overall activities and achievements including occupational and professional achievements, civic, political and engineering affairs, and education.

Outstanding Engineering Achievement of the Year Award
- Recognizes an outstanding engineering project in the Pittsburgh area.
- Project must be completed or substantially completed during the preceding year.

Nominations will not be taken for the Lawrence W. Hornfeck Award and the Silvio Lorenzi President’s Gold Star Award. The Hornfeck Award recognizes exceptional contributions to the Chapter during the preceding year. The Awards Committee will choose the recipient and announce the winner during the banquet. The Gold Star Award recognizes someone who, in fulfilling his/her duties to the Chapter, extended outstanding support to the President. The current Chapter President always chooses the recipient.
Construction Legislative Council Update

PA’s unemployment rate drops to 18-year low in August while jobs total drops slightly. August presented another decent month of employment-related figures for Pennsylvania, as it appears the Keystone State is starting to benefit from the nation’s overall employment improvement. The state’s unemployment rate improved from July to August, dropping to 4.1 percent, its lowest level since July 2000, with 14,000 individuals added to the ranks of the employed and 5,000 individuals dropping from the jobless rolls, resulting in a net addition of 9,000 individuals added to the state’s civilian labor force (those working or looking for work). Pennsylvania still trails the improvements made nationally since August 2017; the US unemployment rate remained at 3.9 percent in August.

Federal judge rules unconstitutional PA’s ban on casino owner campaign contributions. The Associated Press reports US District Judge Sylvia Rambo, in a 31-page opinion, has ruled unconstitutional a Pennsylvania law that prohibits casino owners and others with a stake in the gambling industry from donating to political campaigns in the state. Rambo said the law is written too broadly and violates constitutional protections regarding political association. The AP notes the judge seemed to indicate a law with a narrower scope might not run afoul of the Constitution.

PA officials discuss weather event preparedness, planning. Noting September is National Preparedness Month, Pennsylvania officials recently discussed the recent wet weather and its impact on the state, as well as how government and private citizens can be better prepared for such situations. State Transportation Department officials noted there has been more than $100 million in flood and landslide damage this year, basically equaling the combined damage caused by similar events during the prior, roughly, 7-1/2 years. In several instances, the damage has occurred in places that have never experienced flooding before, with other locations getting hit repeatedly in a matter of only a few weeks. The agency has produced a study identifying roadways susceptible to flooding, as well as those areas susceptible to future flooding, with the next step being to integrate that into the planning process regarding road and bridge construction and maintenance, as well as potentially moving existing roadways out of flood and landslide areas. The Pennsylvania Emergency Management Agency reminded all state residents of the importance of being prepared for hazardous weather events and being smart about how to plan and react to such events—while the state Insurance Department talked about the importance of flood insurance for anyone concerned about losing their property to flooding, since most property insurance policies don’t cover damage from flooding.

State funding approved for more than 350 new local projects to improve water infrastructure and environmental protection, support public services. Hundreds of water infrastructure and environmental protection projects were approved by the Commonwealth Financing Authority for funding Tuesday, with municipalities within 56 of the state’s 67 counties to receive money. Just under $50 million will be disbursed to 236 municipal water and sewer projects in 49 counties. The grants are intended to assist municipalities with the construction, improvement, expansion, or repair of their water supplies or sanitary sewer systems. Another $16.2 million, generated by the Marcellus Shale impact fee, will be distributed to 123 projects located in 38 counties, with the money focused on abandoned mine drainage abatement (1 project - $500,000); flood mitigation (12 projects - $2,886,069); greenways, trails and recreation (90 projects - $10,586,673); orphan or abandoned well plugging (1 project - $20,624); sewage facilities (4 projects - $231,328); and watershed restoration and protection (15 projects - $1,993,662).

PennDOT will be studying the feasibility of adding passenger rail service in the western part of the state. The passenger rail line would run between Altoona and Pittsburgh. PennDOT plans to reach out to both Norfolk Southern Railroad and Amtrak regarding the additional service.

Turnpike representatives will be available to provide overview of next construction section. The Pennsylvania Turnpike Commission (PTC) is moving ahead with the next phase of construction of the Southern Beltway’s (Toll 576) US Route 22 to Interstate 79 (I-79) Project. An upcoming community meeting will detail the next section of work (55-C2-2) taking place in Washington County, which extends approximately one mile along I-79 in Cecil Township. The community meeting was held on October 2.

REQUEST FOR SUSTAINING ASSOCIATES
Pay your 2019 Dues and
Become a Sustaining Associate Now

Becoming a Sustaining Associate in the Pittsburgh Chapter of PSPE provides tools to accomplish corporate objectives and more. Through the financial support of our Chapter Sustaining Associates, the Chapter is able to continue to provide many services to the Pittsburgh engineering community as well as sponsor excellent outreach programs to the students in our area. It is imperative in today’s world to get and keep students interested in the science- and engineering-related fields in middle schools and high schools. Our outreach programs include the Engineering Apprenticeship Program, the Mathcounts Program, and participation in several activities at the Carnegie Science Center during National Engineers’ week.

The Pittsburgh Chapter is proud to offer the following advantages and benefits of becoming a Sustaining Associate in the Pittsburgh Chapter.

SUSTAINING ASSOCIATE MEMBERSHIP ADVANTAGES

- Member firms may provide an article for the newsletter highlighting their firm’s projects, individual accomplishments, services, products, or technical capabilities. The newsletter circulation reaches 300+ engineers, managers, and company officials and is published on the Chapter website.
- Member firms may advertise positions available within their firm in the newsletter and on the website free-of-charge.
- Member firms may be listed on the Pittsburgh Chapter, PSPE’s Internet Website, free-of-charge. A link to the company’s website can be included.
- Member firms that employ personnel preparing for the Principles and Practice of Engineering (PE) and Fundamentals of Engineering (FE) Examinations are entitled to a 20% discount on the Chapter’s review courses for the exams.
- Representative(s) of member firms are permitted to attend regular Chapter Business Meetings and are invited to the Chapter Meetings. Our Chapter presently offers a minimum of four (4) meetings with one (1) qualified PDH for continuing education requirements to maintain a Pennsylvania PE license.
- Member firms are recognized as Sustaining Associates in our PSPE Newsletters and at the Annual Engineers’ Week Banquet held each February.

The following are the Sustaining Associates who are paid up through December 2018:

D&D Engineering
The Gateway Engineers, Inc.
HDR Engineering, Inc.
Keystone Consultants, Inc.

SAI Consulting Engineers, Inc.
Stantec Architecture and Engineering LLC
Trumbull Corporation

To become a Sustaining Associate, please complete and return the “Application for Sustaining Associate Membership” on the next page.

TO PAY YOUR 2019 DUES, please mail a check for $350 payable to “PSPE Pittsburgh Chapter” to PSPE, Pittsburgh Chapter, 337 Fourth Avenue, Pittsburgh, PA 15222.

### 2018-2019 Chapter Officers

- President – Keenan Sukits, PE
- Treasurer – Justin Kramm, PE
- President-Elect – Ed Telega, PE
- Financial Secretary – Vacant
- Vice President – Melissa M. Fontanese, PE
- Immediate Past President – Scott P. Sukits, PE
- Executive Secretary – Brian Schull, PE

### 2016–2020 Chapter Directors

- Angela Mayer, EIT – 2019-2021
- Matthew Kusic, PE – 2017-2019
- Brian Krul, PE – 2018-2020

### Chapter Committee Chairs

- Refresher Course – Matthew Kusic, PE
- Sustaining Associates – Scott P. Sukits, PE
- Young Members – Jason Esser, PE
- Website Coordinator – Jason Esser, PE
- Financial Secretary – Vacant
- Future Website Coordinator – ?
- Newsletter – James Lombardi, PE
- Mathcounts Coordinator – Virginia Dailey, PE
- Apprenticeship – Dave Briskey, PE
- Future Mathcounts Coordinators – Keenan Sukits, PE, and Kevin Ferry, PE, PTOE

### State Officers

- State Secretary – David Briskey, PE
- State Director – Kirk Thompson, PE
